## HOME WORK POLICY

### No Home Work Policy for Grade I & II

School strictly implements “No homework policy” for classes 1 and 2. However the parents are advised to involve themselves with their wards in activities based on the curriculum during the weekends.

### Innovative practices being adopted in the school

The school faculty conducts various subject related activities to enrich students with respect to academics. Outside classroom learning activities, digital classroom, project making etc. are also incorporated to enhance experimental learning. Besides this, We have Conducted events to keep our Environment clean & green (Cleanliness Drive) which is also a part of plethora of activities which are conducted to enhance creativity and Out of Box Thinking for students. A Science-Maths-Art exhibition is conducted every session by the students which provides them a platform to think innovatively.

### Practices adopted for balancing the load of Home Work

Students are given homework for different subjects on rotation. Homework for English and Math is given alternately every day. Along with it the other subjects are given day wise.

Gr 3 -5 get two subjects every day. Math & English are given on alternate days along with one more subject.

Days have been allotted subject wise for each grade.

Worksheets are given to make HW interesting & to balance the workload.
